C. & O. SCHEDULE MODIFIED SLIGHTLY

The C. & O. changed the time card for the Big Sandy division just before sending it out the latter part of last week. On account of the protest that went up against the unwarranted changes the company restored about half the stops it had previously cut out.

While that helps somewhat, the arrangement is worse for the traveling public than the old schedule, which should be restored until through service to the south is arranged with the C. & O. Then another train each way should be added to take care of through business. These trains would make only a few stops.

A return to the old schedule would be the best move the railroad can make now.

Three stops just above Louisa were cut out—Holt, Holt and Walbridge. This is working a hardship on a good many people.

38 leaves Ashland at 4:15 p. m., passing Louisa at 5:33. 27 leaves Pikeville at 8 a. m., passing Louisa at 11:15.

A Complete Failure.

The morning train from Pikeville now arrives at Catlettsburg too late for H. & O. and Guyan Valley, connections at Kenova and Huntington, Ala. If it is more than 45 minutes late, connection to Cincinnati and Louisville is missed.

People desiring to go to Huntington and back the same day from Big Sandy can no longer do so and have time enough to transact any business. The whole scheme is a failure and we have not heard one thing in its favor.

LOWER CHEROKEE

On March 30th our vicinity was gripped when the cold hand of death called at the home of Mr. and Mrs. Hammond May and claimed for its victim their son John. We greatly deplore his departure. John was loved by everybody that knew him and we extend to the family our heartfelt sympathy.

Sorry to hear of the death of Charles Rice. We extend sympathy to the bereaved.

The sick of our neighborhood are Mrs. Georgia Graham Pritch and Mrs. Belle Smith Griffith.

The citizen telephone line is being erected.

Mr. and Mrs. M. L. Sturgill were visiting the sick Sunday evening.

Chas. Sanders, who is employed at Ashland, was calling on home folks a few days ago.

T. J. Wheeler of Blaine was calling on friends here a few Sundays ago. Uncle Henry Sparks of Daviessville was a visitor on our creek last week. John Osborn of Blaine made a trip on our creek Sunday.

Messrs. Dave Gearhart and Lee May passed through our vicinity a few days ago.

Dr. J. J. Gambill was calling on the sick here this week.

The boys of this place who joined The Boys Kentucky Pig Club are Messrs. Watson Moore, Ray Griffith and Russell Kasee. They are delighted with the increase of their swine. Watson is the owner of 10 pigs. Ray is the owner of 11 pigs and Russell 9 pigs. It is hoped for these boys to have success with them.

FARM BUREAU WEEK APRIL 19TH TO 24TH

April 19-24 has been designated by the Kentucky Farm Bureau Federation as Farm Bureau Week in Kentucky. Forty counties in the state will put on a canvass during this week for membership and it is expected to raise our membership to fifty thousand.

Every member of the Lawrence Co. Farm Bureau is urged to attend the regular meeting on Monday, April 19 at Louisa and all other farmers who are interested in this great movement are invited to attend also.

We are coming to realize some of the things we have so long hoped for. Agriculture is coming into its own, as the head of all other business.

Come and hear about our new organization. We are in to win.

L. A. GARNER, President.

J. C. BURNS, Secretary.

JAKE WILL OPEN A STORE IN HUNTINGTON

J. Israelky has leased a store room at West Huntington, 14th street, from the West End Realty Co., and expects to open a store there by the last of May. Jake is always trying some big new plan, and he generally manages to get through. Having taken this step he is now busy as usual, planning as to how he will raise enough money to stock the new store. He says he will not give up his Louisa store.

BOY BREAKS LEG.

George Victor Spencer, son of Mrs. Bernard Spencer, of Kernit, W. Va., fell down stairs last Sunday morning and broke his leg just below the hip joint. He also received injuries and bruises on head and body. His father, Rev. Bernard Spencer, died a short time ago.

SORGHUM WILL BE IN STRONG DEMAND

On account of the shortage of sugar and the consequent high price a demand for other sweet products will be very strong for quite a while. It is believed by authorities.

Sorghum is one of the best products to take the place of sugar. There are other conditions also favorable to sorghum.

The Lohaco Company, Louisa's largest enterprise, has been developing the market for Big Sandy sorghum and will be ready this year to handle more sorghum than ever before. Our farmers need not fear overproduction. When properly made there is no better sorghum in the world than is produced in the Big Sandy valley. The quality should be maintained so that the product will at all times command the highest price.

Read the advertisement of the Lohaco Company in this issue and you will find out about prices and barrels. This company has bought 60 cane mills to be turned over to farmers at about \$80 for the small size and \$90 for the large size complete. This is being done to help the farmer.

STREET PAVING PLANS PROGRESSING

The city of Louisa has contracted with the Smith Engineering company of Huntington to make survey and plans for our street paving and to supervise the construction after the contract is let. The man first employed was released.

The survey is to begin at once and is to be pushed with all possible haste. The council hopes to get a considerable portion of the work completed this year. Bids will be asked for very soon.

Mayor Snyder and O. C. Atkins made a trip to Louisville and other Kentucky cities to secure information in regard to paving.

YATESVILLE

Born to Mr. and Mrs. David Compton, a fine girl.

MILLIS-WILLIS.

S. S. Willis, city attorney of Ashland, and Miss Ida Lee Millis, of Catlettsburg, were married at noon Wednesday by Rev. C. A. Claughton at his home in Ashland. The bride is the daughter of Mr. and Mrs. C. L. Millis. They will reside in Ashland.

RED CROSS NURSE IN LAWRENCE CO.

The Lawrence County Chapter of the American Red Cross has at last succeeded in securing the services of a graduate Red Cross nurse for Lawrence county. Miss Eversole, who has had five years actual experience, part of which was in one of the large hospitals of Tennessee, arrived in Louisa on Monday evening. On Tuesday morning a very large class was organized. Prof. Hyington of the K. N. C., very kindly agreed to allow the use of a suitable room in the college building for the lectures and demonstration to follow. This course is free. No one is expected to pay one cent for this service which should be of great value to all who take advantage of the splendid opportunity.

Fallsburg and Gallip have spoken for this course and it is the purpose of the Lawrence County Chapter to send Miss Eversole to each of these places.

Miss Eversole will give special attention to the proper care of the sick room, sanitation, first-aid in emergencies and the prevention and isolation of contagious diseases.

The lectures are given at the college building at 10 o'clock each morning, except Saturday and Sunday and will continue until 15 lectures have been given. They are for women and girls only. As soon as you read this, go and join, for all are invited.

WALBRIDGE AND HOLT

The Willing Workers S. S. class of the Walbridge Union Sunday school has pledged one dollar for each of its members to give to a family of very unfortunate orphans and as this is quite a large class and several others are contributing it is hoped that a good collection will be gotten together.

This class is very interesting, being composed of young men and ladies and they, with their teacher, are doing some real work for others.

Misses Hazel and Kathleen Roberts came up from Louisa and spent the week-end with their sister, Mrs. J. C. See, Jr.

Mrs. Jane Peters and daughter, Miss Brian are spending this week at Gallip the guests of Mrs. Peters' daughter, Mrs. A. C. Shannon.

Mr. and Mrs. Tom Miller spent the week-end with Mrs. Miller's parents at Saltpeper.

Will Caperton of Cereso, returned home Tuesday after a visit to relatives here.

Ray and Jack Stump of Portsmouth and Inez Marie Brauhm of Clifford returned to their homes after a visit to their grandparents, Mr. and Mrs. J. C. See, Sr. of Sunny Side farm.

Earl J. Brown of Harboursville, W. Va., came up Wednesday for a visit to friends here.

Charles G. Ferrell, who has been working at Ashland is here for a visit to his parents.

OIL NEWS

There is no important news from the local oil field to report this week. A number of wells are drilling, but no completions.

The Arnes Drilling company is moving a machine to the upper Blaine field to drill for the Ohio Fuel.

Tom Hays has started drilling at Walbridge on the Alex Stump place for the Koo-La company.

Well No. 2 on M. H. See's land on the Point is now well under way. No. 2 on the Conley lease near Water will come in next week. The offsetting well on Hester Carter is one of the best yet drilled in the Fallsburg field.

When the roads dry out there will be greater activity.

The fiscal court has accepted the offer of oil men to pay half the cost of repaving roads, up to a limit of \$1500 for the county's part.

CHARLES H. HOLBROOK.

Charles H. Holbrook, Sergeant Machine Gun Troop 16th U. S. Cavalry, Brownsville, Texas, has returned to Ashland to stay. He will visit friends in Lawrence county soon. Sergeant Holbrook speaks well of the army. At his first enlistment he weighed 154 pounds. His weight now is 187. As for a young man, the army is the place, especially the cavalry where he can learn how to use and care for a horse.

Lugh L. Hicks is on a few days vacation to Columbus, Ohio.—Ashland reader.

M. E. S. Posey, engineer in charge of the Mayo Trail, has his office in F. H. Yates' building on Main-st.

Miss Kathleen Holt has been visiting in Paintsville.

SPARKS BIG 3 RING CIRCUS COMING TO ASHLAND

Sparks World Famous Shows are to exhibit at Ashland, Tuesday, April 27, and from the newspaper reports preceding them their exhibition will be worth going many miles to see.

Of the many features carried by the show this season some of the animal acts are without doubt the most wonderful and thrilling ever presented to an American audience. There will be the two herds of ponderous elephants, headed by earth's mightiest monster, Big Zulu, the skyscraper elephant, the Sparks Stable of shimmy and tango dancing horses, including Caesar, champion high jumping horse of the world; and three groups of marbles, quo, statue horses and dogs in a series of classics poses and groupings. Then too, there will be the Five Cornalls, Harling girl acrobats, Flora Bellini and Jessie Hollis, America's foremost equestriennes and hosts of other stars of the arena world.

Those who are looking for thrills will find them in plenty when the daring Sparks Circus does his lightning-like front and backward slides for life from the loftiest peak of the huge canvas to the ground—a distance of 150 feet. Of course, there will be plenty of clowns and forty of them will be on hand to extract your laughs.

The menagerie of wild animals carried by the Sparks Circus is complete in every detail and contains rare and costly specimens of the earth's most curious animals. A parade of nearly two miles in length and of countless spectators will leave the ground daily at 10:30 a. m. and will contain many beautiful women and handsome horses interspersed with four bands of music and two calliopes.

Don't forget the date and place of exhibition, Ashland, Tuesday, April 27.

ANOTHER RAILROAD STRIKE IN FORCE

The country is again cursed and hampered by one of those railroad strikes which Congress should prohibit. The public is suffering untold loss and inconvenience by the stopping of train service.

This criminal strike came without warning, the excuse being that a railroad company at Chicago had discharged a fellow named Granau. Look at the name—it isn't American. He is ungrateful, disloyal, un-American thugs throughout the country quickly resented the discharge of this radical and proceeded to try to starve and freeze the public by stopping train service.

How long is the suffering public going to stand for these outrageous? Ship the Reds to Russia. That's the only country in the world for them.

Jerman Conley Killed Near Paintsville Saturday

The death of Jerman Conley occurred last Saturday night at his home near Hager Hill about three and a half miles from Paintsville. On the day before a difficulty arose over the division line between his farm and that of Charles Blair. In the trouble Blair struck Conley with a club inflicting injuries so serious that he never gained consciousness, and he passed away at eight o'clock the next evening. He was about 55 years old. He was a farmer and a hard worker. Charles Blair is the son of Ned Blair.

WE LOSE THE STATE AID MONEY

Investigation at Frankfort indicates that there is very little, if any, chance to save the \$583,000 State aid money for Lawrence county roads. It is too late to complete surveys and close contracts before the first of July.

The only thing possible now, it seems, is to help finance the State on the through road north and south, and apply the bond money on roads running east and west through the county.

However, this is a new problem that will have to be worked out and we shall withhold comment until it is decided what to do.

The fiscal court adjourned without completing some important orders, but it is said the body will be called together again within a few days. This should be done, by all means. Further delay will mean still more losses. The county needs roads. The people have done all they can do up to this point to get them.

NEW LAW ABOUT OIL DEVELOPMENT

The recent Kentucky Legislature very quietly passed some very important legislation, vitally affecting owners of oil bearing lands or leases, and operators of leases.

It will pay all interested parties to read it carefully:

Section 1. Whenever, in any of lands for oil and gas purposes, it is provided in substance that actual drilling or development may be postponed by the payment or tender of rentals on or before the date fixed in said lease for such payment or tender, if the lessee or assignee of said lease shall fail to pay or tender said rents on or before the date stipulated in the lease, or contract to pay, then said lease or contract shall be void, unless the lessor, hereafter, and before executing a new lease or contract, shall accept said rentals.

Section 2. That all valid, existing or future contracts and leases for oil and gas rights upon and under the lands of this Commonwealth, wherein by their terms a rental clause is provided in event of failure to drill for oil or gas within a given period, are hereby validated and declared to be, and shall be, construed by the Courts of this Commonwealth enforceable and binding contracts according to the terms thereof between the parties so long as the rentals therein provided shall be paid or tendered at and as provided by their terms during the period of said lease and contract.

Section 3. That the drilling of one non-productive well shall be sufficient consideration for the discharge of rentals for holders of said contract and lease for a period of twelve months after its completion, and at the expiration of which time another well shall be commenced or rentals renewed as per said lease or contract, and if lessor fails to commence a well or renew payments of rentals said lease shall automatically expire, and become null and void.

Section 4. That in the event of oil or gas being discovered in paying quantities on an adjoining leasehold and the products therefrom being taken out of the ground and marketed and said well is within two hundred feet of another lessor's property line, then within three months after written notice has been given lessee to the effect that such oil or gas has commenced to be transported off and marketed from the said adjoining premises the lessee or lessees of the land lying within two hundred feet of the said wells shall begin to drill an offset well to each of such wells so located, provided said offset wells to be drilled are not less than five hundred feet of each other, and upon its failure to so commence said offset well and complete same with diligence the said contract and lease shall automatically expire and become null and void. Provided this shall not apply to leases that are being operated, or on which wells are being drilled.

Section 5. All acts and parts of acts in conflict with this act are hereby repealed.

Section 6. Whereas, the uncertainty as to the true intent and meaning of oil and gas leases, within this State, has not been definitely construed by the Courts, and their uncertainty is destroying development of the industry and driving capital from the State, an emergency is hereby declared to exist, and this act shall go into effect from and after its passage can be approved by the Governor.

WAYNE, W. VA.

Easter Sunday was celebrated at W. G. Sparks' in honor of his 62nd birthday. A fine dinner was served and several friends, and neighbors were invited and several nice presents displayed. Those present were Mr. and Mrs. Joe Rutherford and son Ira, Mr. and Mrs. Alex Murphy and daughter Myrtle, Mr. and Mrs. Anthony Hayton and three children, Mrs. Henry Pyles, Mr. and Mrs. Joe Sparks and four children, Mrs. Ida Sparks and three children, Mr. and Mrs. Elmer Stump and Mrs. Della Lester.

McMAHON-DIEHL COMPANY.

The McMahon-Diehl company of Huntington is one of the most remarkable examples of development and growth that this part of the country has seen. They now occupy three floors of a large modern building, and rank as one of Huntington's leading department stores. In five years it has developed to the point where \$500,000 worth of merchandise finds its way through this store to the public.

J. R. McMahon, Henry T. Dehl, J. W. Valentine, Walter J. Rumble, Jay Fuller and J. R. Stone have concentrated their ability and energy on the success of this big store and have succeeded to a remarkable extent.

LUTHER B. ATKINS.

Lexington, Ky., April 15.—(Special).—Luther Bromley Atkins, son of Mr. O. C. Atkins of Louisa, Lawrence-co., Kentucky, is a Sophomore in the College of Mechanical Engineering in the University of Kentucky. Atkins graduated from the Louisa High School in 1918 as one of the outstanding members of his class, and in the University he is still holding his place as an excellent student. As a high school boy Atkins was known to be an athlete. He took part both in basketball and football. He is a member of the Sigma Alpha Epsilon Fraternity and Charles Schwab Engineering Society.

F. F. CAIN RETURNS.

Friends of Frederick F. Cain will be glad to know that he is returning this week to his home in Louisa. He has for the past year and a half been in Asheville, N. C., where he went for the benefit of his health. He has gained considerably and is coming home to spend the summer months.

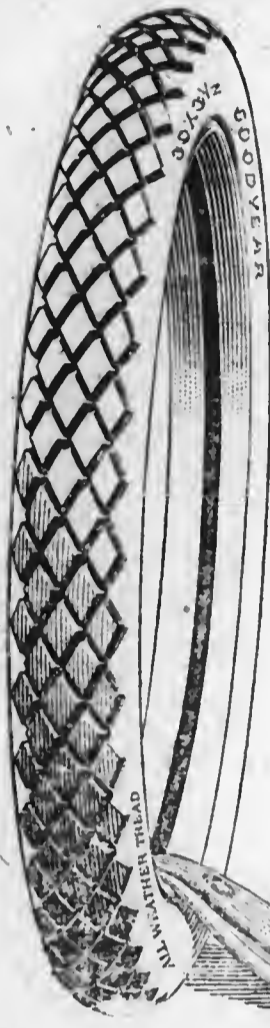

CHURCH NEWS AND OTHER MATTERS OF RELIGIOUS NATURE

Conference Christian Church.

Present indications are that the district conference to be held in the First Christian Church in Ashland April 21-22, will be one of the most enthusiastic and impressive religious gatherings ever held in this section of the state. The meeting will be held under the auspices of the Interchurch World Movement and some of the best known pulpit orators in Kentucky will speak. Begins Wednesday night and closes Thursday afternoon.

At this conference and similar ones to be held throughout the state the results of foreign, state and home surveys conducted by the Interchurch World Movement will be shown, and the needs of the church of this section and of the entire country as revealed by the surveys outlined. Religious, educational and industrial conditions will be discussed by forceful speakers. County organization

Smaller Cars—and the World's Most Popular Tires

No tires bearing the Goodyear name, not even the famous Goodyear Cords which equip the world's highest-priced cars, embody a higher relative value than do Goodyear Tires in the 30x3-, 30x3½-, and 31x4-inch sizes.

In these tires owners of Ford, Chevrolet, Dort, Maxwell and other cars taking the above sizes are afforded a measure of performance and service such as only the world's largest tire factory devoted to these sizes can supply.

All that this company's experience and methods have accomplished in these tires is available to you now at the nearest Goodyear Service Station.

Go to this Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He has them.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread..... \$23.50
30x3½ Goodyear Single-Cure Fabric, Auto-Kid Tread..... \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water—\$4.50 proof bag.

Ashland Men Make Fine Donation

Ashland Manufacturers Donate Uniforms, Shoes and Text-Books for Student Nurses of King Daughters Hospital Training School.

The manufacturers of Ashland, having observed the growing scarcity of professional nurses in Ashland and vicinity and desiring to aid in influencing eligible young women to adopt nursing as a profession, have very generously provided for free uniforms, shoes and text-books for the student nurses of the King's Daughters' Hospital Training School.

By this arrangement the student nurses will be under no expense while in training. They receive a moderate salary which is increased each year and, at the end of the three years course, are graduated as professional nurses. The Ashland manufacturers deserve much credit for this liberal contribution to the King's Daughters' Hospital.

WANTED: Student nurses at the King's Daughters' hospital to begin training at once. Application blanks secured by applying in person or by mail to Superintendent King's Daughters' hospital, Ashland. (adv)

HONEY BUNCH.

WHY BE DULL AND LANGUID THIS SPRING

"Spring Fever" is Natural, But Not Necessary—It's Due to Sluggish Blood.

KEEP FEELING YOUR HAPPIEST

Purify and Tone Up Your Blood With That Famous Tonic, Pepto-Mangan

Do you seem unable to do any work, to concentrate, to take any interest in things, during the wonderful Spring days? Do you feel just useless and "no account"?

Nothing is really the matter, except that, as happens every Spring, your blood is clogged—it is sluggish with poisons from its long Winter flight.

In time your blood will probably adjust itself. But meanwhile you fret and worry, feel unhappy—and accomplish nothing. Why do it, when it is easy to clear up your blood by taking Pepto-Mangan for a while? For thirty years, doctors have been recommending this effective and agreeable tonic to purify and build up the blood of run-down, listless people.

Feel your best. Have a fine color, and spring in your step. Be vigorous, happy, red-blooded. Get a bottle of Pepto-Mangan today. The nearest druggist has it, and in either liquid or tablet form, just as you prefer. There's no difference in medicinal value.

But be sure you get the "genuine" Gude's Pepto-Mangan. Ask for it by that name—"Gude's Pepto-Mangan," and be sure the full name is on the package—Advertisement.

TERRIBLY SWOLLEN

Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. It did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Theodor's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theodor's Black-Draught."

Theodor's Black-Draught will help you to keep fit, ready for the day's work. Try it!

Ashland Men Make Fine Donation

Ashland Manufacturers Donate Uniforms, Shoes and Text-Books for Student Nurses of King Daughters Hospital Training School.

The manufacturers of Ashland, having observed the growing scarcity of professional nurses in Ashland and vicinity and desiring to aid in influencing eligible young women to adopt nursing as a profession, have very generously provided for free uniforms, shoes and text-books for the student nurses of the King's Daughters' Hospital Training School.

By this arrangement the student nurses will be under no expense while in training. They receive a moderate salary which is increased each year and, at the end of the three years course, are graduated as professional nurses. The Ashland manufacturers deserve much credit for this liberal contribution to the King's Daughters' Hospital.

WANTED: Student nurses at the King's Daughters' hospital to begin training at once. Application blanks secured by applying in person or by mail to Superintendent King's Daughters' hospital, Ashland. (adv)

WHY BE DULL AND LAZUID THIS SPRING

"Spring Fever" is Natural, But Not Necessary—It's Due to Sluggish Blood.

KEEP FEELING YOUR HAPPIEST

Purify and Tone Up Your Blood With That Famous Tonic, Pepto-Mangan.

Do you seem unable to do any work, to concentrate, to take any interest in things, during the wonderful Spring days? Do you feel just useless and "no account"?

Nothing is really the matter, except that, as happens every Spring, your blood is clogged—it is sluggish with poisons from its long Winter flight.

In time your blood will probably adjust itself. But meanwhile you fret and worry, feel unhappy—and accomplish nothing. Why do it, when it is easy to clear up your blood by taking Pepto-Mangan for a while? For thirty years, doctors have been recommending this effective and agreeable tonic to purify and build up the blood of run-down, listless people.

Feel your best. Have a fine color, and spring in your step. Be vigorous, happy, red-blooded. Get a bottle of Pepto-Mangan today. The nearest druggist has it, and neither liquid or tablet form, just as you prefer. There's no difference in medicinal value.

Corn Pain Stopped Quick

"Get-It" Loosens Them So They Lift Off in A Jiffy.

The corn pains cease as soon as a few drops of "Get-It" reach the corn. It goes out of the hurting business forever.

For a day or so the corn remains, getting looser and looser and without a twinge from it. Then, it gets so loose that you just lift it right off, without even feeling it, and cast it away. That's how easily and simply "Get-It" disposes of the corn nuisance.

"Get-It," the unfailing, guaranteed, money-back, corn remover, costs but a trifle at any drug store. Sold by S. Lawrence & Co., Chicago.

Sold in Louisville and recommended as the world's best corn remedy by Louisville Drug Co.

If Constipated, Bilious or Headachy, take "Cascarets"

Sick, headache, biliousness, coated tongue, or sour, gassy stomach—always trace this to torpid liver; delayed, fermenting food in the bowels.

Poisonous matter clogged in the intestines, instead of being cast out of the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep.

Cox for President

Those Democrats in Kentucky who believe that Governor James M. Cox of Ohio because of his great ability and superior qualifications should be the next President of the United States, have decided to lay his claims before our Democratic voters with the hope that they will join us in securing delegates to the San Francisco convention, who will favor his nomination.

To secure a delegation from Kentucky to San Francisco it is first necessary that all Democrats who are for Cox shall attend the county mass conventions to be held in the various counties seats at 2 o'clock in the afternoon of Saturday, May 1st, and see that the delegates they send to the Democratic State Convention at Louisville, Tuesday, May 4th, are COX MEN.

This is no time for factional strife within the Democratic party. The man who undertakes to create the impression that the COX MOVEMENT is a movement in the interest of any individual branch, wing or faction of the Democratic party in Kentucky, is not a well-wisher for party unity and party success.

Former United States Senator John M. Camden of Versailles has accepted the chairmanship of the organization that is being made for Governor Cox in Kentucky, and that is sufficient guarantee that the movement is not to be factional.

Gov. James M. Cox of Ohio

Senator Camden, in a statement given to the press, said:

"I am for Governor Cox because I believe him to be the one man who can win against the Republicans in November. He is safe, sane and liberal, has a record in Congress, and three terms as Governor of Ohio. He is a man every inch of him, and one around whom every element in the Democratic party can rally. He began life as a newsboy and made his own way. He is a sound and successful business man, has never had any serious labor trouble during his administration.

tions in Ohio. He is broad-gauged in every respect and has proved that he can draw strength from every element of the voting population."

We endorse Governor Cox because we know James M. Cox to be one hundred per cent American, because he has demonstrated his Americanism and we know that he is the only kind of American that will be elected to the White House as the successor to Woodrow Wilson.

We know that it takes an extraordinarily good man of the Democratic party to even once carry the State of Ohio which normally is Republican by over one hundred thousand majority.

And, so we know that when a man carries Ohio three times as has Cox, he is what the fellows who go to the races call "a stake boss."

We want first a capable man in the White House and we want him to be a Democrat.

Cox is capable, Cox is honest, Cox is a Democrat, and he is the best runner in our party as it seems to us. That's why we are for Cox at this time and that's why we want Kentucky to be for Cox.

The COX HEADQUARTERS will be in the Seelbach Hotel at Louisville where communications from all who are interested in behalf of this great man should be addressed, and where all Democrats will be welcome.

Corn Pain Stopped Quick

"Get-It" Loosens Them So They Lift Off in A Jiffy.

The corn pains cease as soon as a few drops of "Get-It" reach the corn. It goes out of the hurting business forever.

For a day or so the corn remains, getting looser and looser and without a twinge from it. Then, it gets so loose that you just lift it right off, without even feeling it, and cast it away. That's how easily and simply "Get-It" disposes of the corn nuisance.

"Get-It," the unfailing, guaranteed, money-back corn remover, costs but a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago.

Sold in Louisa and recommended as the world's best corn remedy by Louisa Drug Co.

S. O. S.

If Constipated, Bilious or Headachy, take "Cascarets"

Sick, headache, biliousness, coated tongue, or sour, gassy stomach—always trace this to torpid liver; delayed, fermenting food in the bowels.

Poisonous matter clogged in the intestines, instead of being cast out of the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep.

Cox for President

Those Democrats in Kentucky who believe that Governor James M. Cox of Ohio because of his great ability and superior qualifications should be the next President of the United States, have decided to lay his claims before our Democratic voters with the hope that they will join us in securing delegates to the San Francisco convention, who will favor his nomination.

To secure a delegation from Kentucky to San Francisco it is first necessary that all Democrats who are for Cox shall attend the county mass conventions to be held in the various county seats at 2 o'clock in the afternoon of Saturday, May 1st, and see that the delegates they send to the Democratic State Convention at Louisville, Tuesday, May 4th, are COX MEN.

This is no time for factional strife within the Democratic party. The man who undertakes to create the impression that the COX MOVEMENT is a movement in the interest of any individual branch, wing or faction of the Democratic party in Kentucky, is not a well-wisher for party unity and party success.

Former United States Senator Johnson M. Camden of Versailles has accepted the chairmanship of the organization that is being made for Governor Cox in Kentucky, and that is sufficient guarantee that the movement is not to be factional.

Gov. James M. Cox of Ohio

Senator Camden, in a statement given to the press, said:

"I am for Governor Cox because I believe him to be the one man who can win against the Republicans in November. He is safe, sane and liberal, has a record in Congress, and three terms as Governor of Ohio. He is a man every inch of him, and one around whom every element in the Democratic party can rally. He began life as a newsboy and made his own way. He is a sound and successful business man, has never had any serious labor trouble during his administration.

tions in Ohio. He is broad-gauged in every respect and has proved that he can draw strength from every element of the voting population."

We endorse Governor Cox because we know James M. Cox to be one hundred per cent American, because he has demonstrated his Americanism and we know that he is the only kind of American that will be elected to the White House as the successor to Woodrow Wilson.

The impotency of the present Congress would be ludicrous if the demands were not so serious as to make the situation appalling.

Labor unions are destroying themselves by permitting the outlaws within their ranks to drive them into anarchy. The death of all unions is sure to follow such a record of violence as they are now making in the United States. The best element in the unions should have sense enough to see the end.

Gov. Morrow has pardoned George Alexander, the Paris banker who had served five or six years for looting a bank. The Courier-Journal, which usually supports Mr. Morrow, has severely criticised him for this act.

The position of the BIG SANDY NEWS, as often stated but sometimes misrepresented, is always on the side of the masses of the great common people. Just now the people are suffering from the oppression of the profiteers on one hand and the striking anarchists on the other. Punishment should be meted out to both of these criminal classes. We have had much to say, and expect yet to fearlessly tell the facts about the I. W. W., the Bolsheviks, and every form of anarchy that seeks to hold up and rob the public. In doing so we make no reference to that large class of labor men who are honest, industrious and patriotic. They are held up and commended in this crucial period as one of our best types of citizenship. The class we refer to is standing out against every unjustified strike, as strikes add to the high cost of living and the general confusion following the war. The violent elements in organized labor are doing the greatest possible injury to the cause and to the country. If the press and the suffer-

ing public and honest labor do not assert themselves the United States will soon be where Russia is. The present railroad strike has been traced to a deep laid plot to overthrow the government. It is time every 100 per cent American to declare against the outlaws. It is possible to gain a few dirty dollars or some votes by keeping quiet on this subject, but anyone who does it is as bad as the anarchist. The fellow who keeps quiet now needs watching.

CINCINNATI'S GREATEST STORE. FOUNDED 1877.

CINCINNATI is Captivating

That's what Charles Dickens said of Cincinnati when he was here many years ago. He liked it so well he came back again!

He was particularly struck with the "wonderful hospitality" of the people here.

That was many years ago, but our hospitality hasn't changed any!

You will say we are "captivating" and "wonderfully hospitable" also, after you have spent a time with us. There are many more interesting and beautiful sights to see now than there were in Dickens' time. He didn't see any Zoo, for instance, or Art Museum or Rookwood Potteries, or Union Central Building.

All Dickens saw and much more is waiting for you now. Come and see "Captivating Cincinnati!"

Dickens was Right!

To the Farmers:-

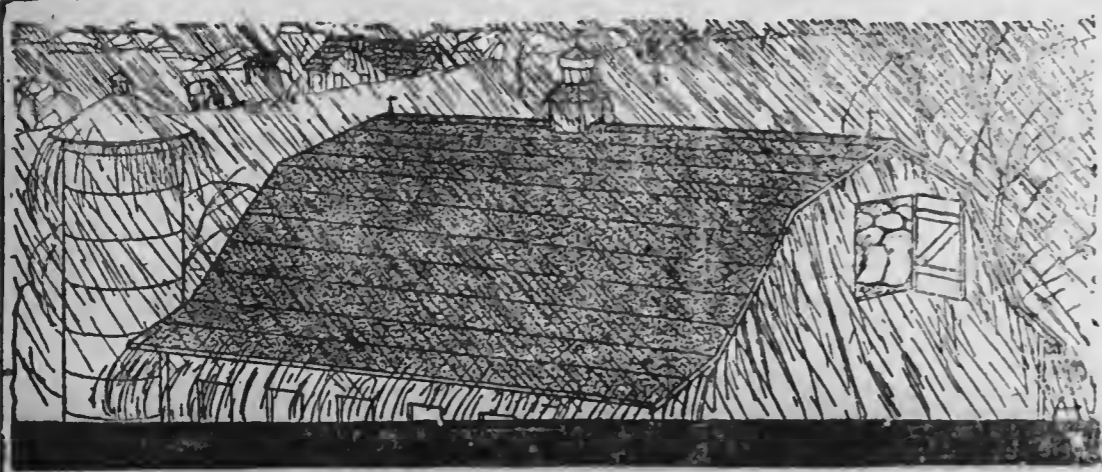

The farm labor shortage has made it hard for you to compete in production with the farmers who raise wheat, oats and corn for commercial purposes. It therefore remains for you to develop something which he is neglecting. You will find this in SORGHUM. We have created a great demand for Big Sandy Sorghum. This is the year to plant cane. Sugar is short of the demand. Sweets are being used instead. It is up to you to grasp the situation and forge ahead and have something when normal times come to fall back on.

As an assistance to you we have purchased sufficient complete cane mill outfits to take care of the farmers who wish to plant cane. We are also contracting for your entire output either on market prices or we will give you on a finished contract 90 cents per gallon delivered Louisa and furnish the barrels. If you are awake to the situation come to Louisa and go into this matter with us.

We are developing an industry worthy of your support and this year we must have a great production. It is up to you to assist us in forging ahead now, creating a demand and making for you as well as ourselves a standard crop for this section which cannot be duplicated in any other.

Protect Your Property With Certain-teed Roofing

Certain-teed Roofing shelters your property against the severest storms. Driving rain will develop no leaks. Melting snow and ice will find no cracks or crevices through which to enter.

Certain-teed keeps the interiors of your barns and other buildings dry. It protects their contents from damage by water.

For when Certain-teed is properly laid, it is firmly cemented together. It makes an impenetrable one-piece roof.

And Certain-teed has other advantages. It is fire-retarding and spark-proof. It is guaranteed for 5, 10 or 15 years, according to weight.

Yet Certain-teed Roofing costs less to buy, less to lay and less to maintain, than any other type of good roofing.

See you dealer about Certain-teed. He either has it or can get it quickly from a nearby Certain-teed distributing center.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

Take "Dodson's Liver Tone" Instead!

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel, just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salfate. Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

In 2000 Counties This Month

*The Forces of the Church of Christ
Will Gather to Face the Facts.*

IN 2000 counties in 36 states the pastors and laymen of 30 great denominations will meet in conference this month.

It is the kind of conference that generals hold before a critical engagement; that business men hold before entering a new market. A conference of judgment, not emotion; a clear-eyed facing of the facts.

A Survey that Business Men Must Admire

For more than a year hundreds of workers have been quietly engaged in making a scientific survey of the mission fields, and of America county by county.

The facts developed are startling. The charts and maps will amaze you. No such picture of America's religious situation has ever before been drawn.

On the basis of these surveys the program of the Interchurch World Movement is being built.

What the Movement Is.

This movement is a clearing house for the activities of the "forward movements" of 30 denominations. It is the basis of co-operation for the churches of America in a mighty effort to face the facts revealed in the surveys which are being conducted by the movement.

You, as a minister of the Gospel, or earnest layman vitally interested in the upbuilding of God's kingdom on earth, should know the task which lies ahead and the part which the Interchurch World Movement is to play in facing the situation.

Whether You Are Inside the Church or Out

To every man and every woman who loves his country, these 2000 county conferences are vitally important.

For the facts developed by this great survey show vividly what forces are at work in America—and what kind of a country this country is to be.

See that the pastor of your church appoints delegates. Any pastor can tell you the conference place and date. Or write direct to the

A LINGERING COUGH

a tender throat, frequent colds, impoverished blood, loss of weight or lack of energy, are all ear-marks denoting lowered resistance. The system needs

SCOTT'S EMULSION

three or four times a day to help restore the resistive powers of the body. Coughs, colds and the like do not linger long when Scott's Emulsion is taken consistently and regularly. **Better try it!**

The exclusive grade of cod-liver oil used in Scott's Emulsion is the famous "S. & B. Process," made in Norway and refined in our own American Laboratories. It is a guarantee of purity and palatability unsurpassed.

Why Farmers Should Carry Life Insurance

A TRUE LIFE STORY

It had rained steadily for several days right in the busiest season, and every farmer will understand the gloom that had descended on Jack Willing, a bustling Missouri farmer. His wife regarded him sympathetically as he stood at the window listlessly regarding the steady down-pour. "Why don't you step over and make a call on your pal, Bill Wise?" she said. "Perhaps he will cheer you up a bit." "Good idea, Minnie," said Jack. "I believe I will."

To think was to act with Jack, and it was not long before he was shaking Bill Wise heartily by the hand. "Hello, Bill, how are you and how do you like this Gosh Darn rain that never stops?" he said.

Bill answered with a big smile: "Well, it's got to rain sometime." Jack looked at him with surprise. "You must have got a bunch of money from home the way you are smiling. You look absolutely happy."

"No," replied Bill. "It's better than that."

"What is it, Bill?"

"Well, I'll tell you, Jack. An insurance man was here and I took out a 20-Year Endowment policy with the Columbian National Life Insurance Company of Boston, Massachusetts. I feel like a new man—free and happy, and what's more, my family feels the same as I do."

Jack looked at him in still greater surprise. "What?" he said. "Well, Bill, do you mean to tell me that you were fool enough to bite on that, and a big bite at that? It must have been the same agent that was over at my farm. He certainly was a slicker and a smooth talker. He got you all right, but he was not slick enough to get me. Ha, ha, ha, I never thought you were so easy."

Bill smiled in sympathy. "Well, Jack, he said, 'so you think I was a big fool to bite, do you?'"

"I certainly do. It's the same agent that saw me, but I told him nothing doing, by Gosh. I told him that I was big enough to take care of my own money, and do it much better than any life insurance company could. Besides, I don't believe in life insurance, anyway. Another thing, when I've got any money to put away, the bank is good enough for me."

"All right, Jack," answered Bill. "You may feel that way about it, but I certainly look at it differently. You see, the whole point is this. I am thirty-five years old and I am liable to die at any time, the same as an older or a younger man. Well, if that happens now, my wife or my children will get \$5,000 cash. If I live to be fifty-five years old, I will get the \$5,000 myself, and I can do

with it as I see fit. You see, Jack, for such a policy I pay \$211.65 once a year for twenty years. At the end of that time I shall have paid in \$4,233, which is \$767 less than the \$5,000 which I shall get when the policy matures. So you see, Jack, I shall have made a clear profit of \$767 in that time and meanwhile I have had my life insured for \$5,000 for 20 years for my family's benefit for nothing. That protection has not cost me a cent! Now, then, if you will show me any better investment than that, I should certainly like to see it."

"Don't you think a policy of that kind is a mighty nice thing to have, for yourself as well as for your family?"

Jack looked a trifle crest-fallen, as he replied: "Say, Bill, I always thought I knew all about life insurance and I wouldn't give that agent a chance; but if you see him, you might send him over to my farm, and if I don't take a \$5,000 policy, I'll take one for \$2,000 at least."

Bill stretched out his hand. "Shake, Jack, shake! I sure am glad that you understand it now the same as I do. I'll tell you what to do, Jack. You fill out the blank below and send it to GEO. WARD, LOUISA, KY., and he will be glad to come to see you. Don't wait until tomorrow. DO IT NOW!"
